COX VIRGINIA TELCOM, L.L.C.

CASE NO. PUR-2021-00002

For eligible telecommunications carrier designation

ORDER FOR NOTICE AND COMMENT

On January 4, 2021, Cox Virginia Telcom, L.L.C. ("Cox" or "Company") filed an application ("Application") with the State Corporation Commission ("Commission") pursuant to 47 U.S.C. § 214(e) seeking designation as an eligible telecommunications carrier ("ETC") to receive federal universal service fund support in all areas in which the Company has been awarded Rural Digital Opportunity Fund ("RDOF") support by the Federal Communications Commission ("FCC"). Specifically, Cox seeks to be designated as an ETC in the 93 specific areas in Virginia in which the Company was the winning RDOF bidder as announced by the FCC on December 7, 2020. These areas encompass portions of the counties of Fairfax, Floyd, Gloucester, James City, and York, Virginia, and portions of the cities of Chesapeake, Fredericksburg, and Virginia Beach, Virginia.

Cox is a competitive local exchange carrier authorized to provide local exchange and interexchange telecommunications services in the Commonwealth of Virginia pursuant to

certificates of public convenience and necessity issued by the Commission.⁴ According to the Application, under the RDOF rules, and pursuant to its winning bids, Cox is required to extend voice standalone services and broadband service at 1 Gigabit download speed to those 93 areas of Virginia.⁵ Cox states that in order to receive this federal support funding it must be designated as an ETC.⁶

In support of its Application, Cox states it is a common carrier under 47 U.S.C. §§ 214(e)(1) and 214(e)(6) for purposes of ETC designation and meets the applicable facilities-based requirements for ETC designation.⁷ Further, Cox states that it will offer throughout its RDOF service areas, voice telephone service, and broadband services consistent with the FCC's RDOF rules, and Lifeline services for low-income consumers consistent with FCC requirements.⁸ Cox asserts that it is prepared to comply with the requirements the Commission placed on the applicant for ETC designation in Case No. PUR-2018-00172.⁹

NOW THE COMMISSION, upon consideration of the Application and applicable law, is of the opinion and finds that, consistent with prior orders in similar proceedings, local exchange carriers ("LECs") and other interested persons or entities should have an opportunity to file

comments, objections, or requests for hearing on Cox's Application. Therefore, we will direct Cox to email a copy of this Order for Notice and Comment to all LECs certificated to provide service in Virginia. We also direct Cox to provide a copy of its Application to anyone so requesting. Further, we find that any objections to the Company's Application should include a statement of the reasons for such opposition, and if the objection is related to a specific territory, that territory should be clearly defined. We find that requests for hearing shall state with specificity why such concerns cannot be adequately addressed in written comments or objections. Finally, we find that the Staff of the Commission ("Staff") should investigate the Application and present its findings and recommendations in a report ("Staff Report").

The Commission further takes judicial notice of the ongoing public health emergency related to the spread of the coronavirus, or COVID-19, and the declarations of emergency issued at both the state and federal levels.¹¹ The Commission has taken certain actions, and may take additional actions going forward, that could impact the procedures in this proceeding.¹²
